GYERMEKKLINIKÁÉRT

WHY WE ARE HERE?

We truly believe that through the activities of the Örzök Foundation with the help of our volunteers and supporters, we are able to significantly improve the conditions under which the severely ill children with tumour or leukemia are cured in the Tűzoltó street Paediatrics Clinic.

HOW WE DO IT

We support the **parents' stay** in, or near the hospital to ensure that the intensive oncology cure lasting for 1-1,5 years does not tear the families

We **purchase surgical instruments**

We help the **rehabilitation** period of the children by providing **experience therapy**

We contribute to relevant **scientific researches**

HOW WE DO IT

We prepared the „**Bátorságpróba**” **storybook** to help children understand what is going on with them

We arrange **knowledge sharing events** to raise the awareness of the childhood issues and their resolutions

We organize activities for our „**Jótétfutó Szupercsapatunk**” (volunteer running team)
